

Sales Representative – Sweden

For more than 40 years, **Gludan** has stood for innovative, eco-friendly industrial adhesives of the highest quality. With state-of-the-art production facilities, strong environmental and quality management, and a team of highly skilled professionals, we continue to set standards in our industry.

As part of our **growth journey in Sweden**, we are now looking for an ambitious and motivated:

Sales Representative – Sweden

About the Role

In this role, you will take part in driving Gludan's expansion in the Swedish market. You will be responsible for developing strong, long-term relationships with industrial customers and for identifying new business opportunities. With freedom and responsibility, you will be an important part of our growing team, helping us shape the future of sustainable adhesive solutions.

What We Offer

An exciting position in a growing, fast-paced company. The chance to make a real impact on our Swedish business. A strong support system: our modern production setup and in-house laboratory with extensive technical know-how and development capabilities. A culture built on our core values of **flexibility** and **HOT – Honesty, Openness, Trustworthiness**, both internally and externally. A workplace where sustainability is at the heart of what we do.

Your Profile

Experience from the adhesives or related industries is an advantage – but not a requirement. A commercial mindset and the ambition to build strong customer relations. Excellent communication and interpersonal skills. **Fluency in Swedish and English** is required. A **B driver's license** is required. Ability to work independently as well as in close collaboration with our international team.

About Gludan

Gludan supplies only to **industrial customers**, and sustainability is a cornerstone of our business. We combine decades of experience with innovative development to deliver high-quality, environmentally friendly adhesives. Our modern production facilities and strong laboratory setup ensure that we can meet the highest technical demands of our customers.

Application

If you are ready to join our growth journey in Sweden, we would love to hear from you. Please send your application to:
